## MEDVIRKENDE

**Marie Topp, Juli Apponen**

An evening with two explicit solo works from Marie Topp and Juli Apponen

Marie Topp: The Visible Effects of Force

The Visible Effects of Force is a charged solo about force that explores what remains in the body after the impact -the traces, the effects.

Juli Apponen: Life is hard and then you die - part 3

A performance lecture based on autobiographical material. It is an autobiography of a body and and pain and therefore unavoidably also about identity.
