Set in 1945 in an English country house on the eve of The Labour Party's landslide victory at the end of the Second World War, this compelling and erotic psychological thriller is inspired by August Strindberg's once universally banned masterpiece Miss Julie. During the celebrations, Julie, wanders into the servant's quarters. As she flirts with her father's handsome chauffeur, what begins as game playing quickly ignites into passion, with devastating consequences.

After Miss Julie depicts a struggle for power and dominance enacted through a cruel game of seduction and repulsion. As sublime and horrific as anything in Greek tragedy.

In English. 75 minutes without an interval.
