## MEDVIRKENDE

**David Barrett**

The Santaland Diaries is a brilliant evocation of what a slacker's Christmas must feel like. Out of work, our slacker decides to become a Macy's elf during the holiday crunch. At first the job is simply humiliating, but once the thousands of visitors start pouring through Santa's workshop, he becomes battle-weary and bitter. Finding consolation in the fact that some of the other elves were television extras on One Life to Live, he grins and bears it, occasionally taking out his frustrations on the children and parents alike. When a new Santa arrives at the workshop, things seem to be different, but will our slacker be able to find the gay Christmas spirit before his employment runs out?
