Scrambled is a single show featuring a woman's journey to conceive naturally dealing with inner demons, feminine ideals, and relationship issues. The Stage is set - As an intimate restroom, a shrine to her solitude, injecting hormones and urinating at a pregnancy test. What happens if we never have children? Maybe we will create a world that only has those couples? does she want to be a mother because everyone does? not an ordinary woman. she continues her journey, beaten and tired. She drags the toilet and known past behind her, to an unknown future ahead.
