## MEDVIRKENDE

**BamBam Frost, Lydia Diakité Östberg**

YES is a cascade of pleasure, sadness and dreams of possibilities. Morphing through a constant of what has been and what is. YES insists on fiction as a compass in the imagining of where we want to be. Yes yes yes. This could be something. YES is soft, YES is dense, YES is tension and release, YES is too much and not enough. YES is everything you touch you change.

YES is BamBam Frost's second work, following her debut with SORRY in 2018.
