**Oksana Griaznova, Niels Claes, Gintarė Štėvinskaitė, Evgenij Kalachov, Inga Kuznecova, Mantas Černeckas, Marija Ivaskeviciute, Marius Pinigis**

"Eye of the Storm" explores the universal laws of chaos and order. In this work choreographer Rachid Ouramdane uses the movement of organized and anarchic groups to create the ever-changing paintings of order and chaos. On stage this dynamic accumulates a burst of energy, reminiscent of a kaleidoscope, and engages the viewer in an almost hypnotic state. This piece is another creation of the French-Lithuanian creative cooperation program KlaipėDAanse.

Spiller som del af festivalen 12 PERFORMANCES IN 24 HOURS.
