MEDVIRKENDE

Sunniva Løvland Byvard, Esther Wrobel

Pyjamas is a family performance made for children from the age of 6 to 9. The show creates a magical and surreal universe of aerial dance in combination with video animations. Pyjamas is laid out as a form of rescue game and adventure that the two heroines of the show will overcome together.

A performance full of flying, dance, acrobatics and spacial illusions. Reminds both adults and children that our mind has special power to change our reality and how we perceive it.
