ATMOSPHERE OF DECAY is an aesthetic, evening-length, choreographic performance, composed as a triptych and performed by 5 dancers and 1 electronic musician. It's about desire, grief and love; human drama at the brink of extinction.

The audience is drawn into a dark and tantalizing universe in which the atmosphere is purposeful and thick. From the darkness, hybrid beings emerge, offering glimpses of irony and brilliance. They tell an ancient tale, shedding light into the dark heart of the matter - our world is spiraling into collapse.
