## MEDVIRKENDE

### Aat Dirks

Sulky M1 and its awkward and bungling driver are on the road, off to paint the town red. With his tireless enthusiasm he tries to snare a woman. The man seems to have everything under control. But appearance can be deceptive. Suddenly his little car fills with smoke. Then begins his bungling and tireless efforts to make a good impression. A cup of coffee, a diner for two, the fellow has thought of everything. But a man alone has his limits. Alas all his clumsy efforts seem doomed to failure.

Sulky M1 is a hilarious, and slapstick romantic spectacle. It is very heartwarming and not just because there is playing with fire.
