Meet Hap. Despite all attempts to be a miserablist she can't ever be unhappy.

Unhappy at being happy, she visits Doctor Marples seeking a cure. Doctor Marples, herself desperate for joy, doesn't know how to be happy in the first place! How can Hap convince Dr. Marples she has a real problem? This comedy is a funny and breathless ride you don't want to miss - where Hap and her doctor will find to their surprise, giggles and romance in the most unlikely of places. Written by BAFTA award-winning, OFFIE-nominated British playwright John Foster, directed by Paul Glaser, the Artistic Director of The English Theatre of Hamburg. HAP is produced by HIT International Theatre Arts.
