An impressive, innovative and contemporary show for an audience of all ages, in which an actor interacts with holographic puppets. The star of the show, Hakan, realizes that his life is meaningless. The light in him has gone out. On his journey to find this light again, he travels into a world of dreams accompanied by seemingly real holograms. In a small theatre designed for 16 spectators, the scenery, made from recycled material, is inspired by traditional Inca aesthetics.

Originaltitel: *The Inner World*
