Bombina Bombast is a Sweden based performing arts company that combines theatre with innovative technology (yes, a bit obsessed with the present) and a burning interest in a generation growing up with virtual relations and games as a natural part of their lives. They work towards exclusive audience experiences with a practice that frames and formulates new methods for transmedia storytelling.

Emma Bexell and Stefan Stanisic have shown works at among other Inkonst, Moriska Paviljongen and Inter Arts Center in Malmö, Kulturhuset Stadsteatern, Orienteatern and Supermarket Art Fair in Stockholm, Stockholm Fringe Festival, Blaue Frau's Pop Up Art House in Helsinki, HAUT in Copenhagen and Nordic festival FestiBorg in Sarpsborg and Brageteatret in Norway. 2015 they made the exam show for the last year students in physical acting from Stockholm University of the Arts called Paranomal Hotel/Paradise Activity and have held workshops in creating video walks at Malmö Theatre Academy.
