pudding asbl

visual projects mixing object and body manipulation. The question of intimacy in theater is of great interest to me and I work with intimate stage sets, with small audiences and I sometimes even integrate them into the performance.

In the manner of collages I assemble several images to one another, in order to bring out a visual story. Idea associations, exquisite corpses, a mixture of objects, the body as theater object are some of the techniques I use.

STATUS

Producent af internationale turneproduktioner
