A bizarre and fun dance performance that provides a fresh look at mans role in society. Since the dawn of time men have questioned their own existence, their relationships to others and to the world around them. Searching endlessly for answers about themselves, their roles and their capabilities.

Today's images of modern man are complex and confused. Is he provider, a protector, a business man, a gym goer, a nurturer, a father, an outsider, a rock star, a model or just a little boy in over sized shoes?

Modern man finds himself amidst a backlash of his own doings, frequently being gazed up on and judged due to stigma, stereotype and long past images.
