A cabaret performance combining stories, poems, music etc. about the difference between men and women and the challenges of dating in the modern world.

Sex has always been part of our collective cultural conscience, with numerous songs and books written about it. But what happens when you add betrayal to the mix? These tantalising topics receive an intimate investigation in this surprisingly humorous and sexy cabaret, as we examine the ins and outs of intimacy, the plurality of monogamy, and what it really means to let your heart decide.

A story of love and betrayal and an investigation into the roots of an affair, featuring lovers, sexual desire, internet trists and dangerous liaisons
